Hi Billie,

I will make the request but as I mentioned to Billie LASAN is inundated with COVID-19 cleaning and we have also been impacted by loss of staff due to COVID-19. I cannot guarantee that they can get the bags especially since you have a contract with LACC. Let me see what if anything we can do to help. My other suggestions would be to ask LACC to send a regular stakebed truck to collect the bags and place them in the roll-off at your office. Then we will make a special collection for the roll-off.

Much Appreciated,

Renée

Hi Renee,

I hope this email finds you well and staying safe. I just talked to Billie and she told me that our trash bags are piling up next to our CD10 cans. CD10 has re-directed our LACC crews, that normally do trash cans, to help us with food distribution from both World Harvest and CD10 food drive throughs that we have been hosting on our parking lot. This is in response to the COVID pandemic and loss of revenue and jobs to our community.

Re: requesting help

I would like to request help from LA San to pick up the bags that have been set next to our trash cans in particular on Washington from Normandie to LaBrea and Pico in the same areas.

If the department can assist us, we would appreciate this very much. I have included Billie and Yasmin here as well.

Thanks Renee and Team LA San!
Liz
